CAIS EMBARCAERO

*We feed the fire.
Fire feeds us.*

*Fire feeds us. Throughout this cycle, our lives happen.
Around the ember, we make friends.
We tell stories. We collect memories.*

*We make up (and change) our minds.
All in the name of this sacred ritual.
It goes way beyond the preparation of the barbecue.*

*A ceremony that connects us to who we are.
Grabbing the meat in your hand. Sharpening the knife.
Going through the smoke.
For everything these things mean,
we decided to make it our reason.*

*We are gauchos with open minds and borders.
We respect this whole tradition.
Do we agree on everything? No.*

*Our mission is to build a piece of
the world we want to live in.
With a lot of exchange and no prejudice.
Less constrained. More good vibes.*
